

# **The Port of Virginia**

The background of the slide is a blue-tinted photograph of a port. Several large gantry cranes are visible, extending over a body of water. The cranes are made of metal lattice and have long horizontal jibs. The water is calm, and the sky is a pale blue. The overall tone is professional and industrial.

# The Port of Virginia

## Agency Mission

The Virginia Port Authority (VPA) shall foster and stimulate the commerce of the Ports of the Commonwealth, promote the shipment of goods and cargoes through the ports, secure necessary improvements of navigable tidal waters within the Commonwealth and, in general, perform any act or function which may be useful in developing, improving, or increasing the commerce, both foreign and domestic, of the Ports of the Commonwealth.

# The Port of Virginia

## Vision

The VPA is the Commonwealth's leading agency for international transportation and maritime commerce, and has a long history of generating business through The Port of Virginia.

The VPA will continue to increase the container throughput passing through The Port of Virginia, as well as the volume of rail business moving over the marine terminals , and renovate/expand facilities to increase throughput capacity and efficiency.

# Key Performance Objectives

- **To enhance port-related business impact in the Commonwealth.**

**Baseline: 1999/ 165,000 jobs provided**

**Target: 2007/ 250,000 jobs provided**

**This measure was last conducted in 1999, The next study is due in spring 2007 and will contain data for the period ending 12/31/05. The study will then be conducted bi-annually, thereafter.**

# Key Performance Objectives

- **To increase the amount of goods and cargo shipped through the Port of Virginia**

**Baseline: 2005/ 1,900,026 TEU's**

**Target: 2007/ 2,257,421 TEU's**

# Key Performance Objectives

- **To enhance the cargo handling capability of the Port of Virginia.**
- **Baseline: 2005/ 3,660 TEU's per acre**
- **Target: 2007/ 4,195 TEU's per acre**
